## BCCP Update

Your Beaver Creek Committee for Community Planning (BCCP) is proud to announce that Portland State University students have volunteered to assist Beaver Creek with its Economic Feasibility Study. The BCCP sincerely appreciates those PSU students' interest in and support of Beaver Creek.

Perhaps a little clarification is appropriate regarding the Economic Feasibility Study. An Economic Feasibility Study is necessary to bring the incorporation of Beaver Creek as a city to election.

What a Feasibility Study does is determine whether or not the incorporation of Beaver Creek is a viable one. The Study seeks to establish that the incorporation and the resulting city will be self-sustainable and cost effective. It will describe the services the proposed city will supply and a preliminary three year budget.

The Economic Feasibility Study is a requirement which must be met in order for the incorporation of the Beaver Creek to continue.

The BCCP asks for your community support in helping us to fulfill the mandate of the residents of the area, which was extended to your BCCP at the three community meetings held in March of last year.

**Fundraising:** the BCCP will soon be selling T-shirts and sweatshirts as a fundraising project in order to continue with the business of the community. To get your custom designed T-shirt and/or sweatshirt, please look for details in the March "Beaver Creek Bulletin."

## Booster Happenings

### Beaver Creek Boosters... a year in review

1998 was a year to remember for the Beaver Creek Boosters. The goal the Boosters chose for themselves nineteen years ago was finally realized. That goal to purchase a park for the community. If you have not already heard

about the new community Park, it is a 24 acre parcel located on Leland Road (about 3/4 of a mile west of Beaver Creek).

We also continued with our normal events and projects for the summer - the Star Light Parade in May, our annual rummage sale in June, as well as cleaning

1st Tuesday at the Fire Station at 7:00 p.m.

Beaver Creek Road and working with the community service kids at the "Corner Park." We then had a new and urgent project to look forward to... that was to get the new park ready for its first community use, the 1998 Beaver Creek Bust. We had a lot to do, there was a lot of clearing and planning that had to be done in preparation for the upcoming event. We didn't take possession of the park until August, so with the "Bust" starting on September 11th we really had to get with the program. Many thanks to the dedicated Boosters and many non-Booster community members who freely donated their time, and community businesses who donated most of the materials needed to get the park ready. We not only completed in time, but we had one of the most successful "Bust"s in recent years, and that was just the beginning. This years "Bust" will be even better. We're proud to announce that Johnny Limbo has been invited back again and we have a new carnival all signed up for the bigger and better 1999 Beaver Creek Bust. The Park is looking a lot better, but we are not yet done. After the "Bust," with more help from volunteers, both private and corporate we were able to plant new grass on half of the cleared area of the field and have many more plans for 1999. If you would like to get in on the fun, dust off your work clothes and keep an eye on the "Beaver Creek Bulletin" or our web site at <http://www.beaver creek.org> and come out and help with the next project.

With the "Bust" behind us and the park too wet to

work on, the Boosters continued with our normal community projects. In November, we had a fundraiser of selling "Pampered Chef" cookbooks and we thank those of you that bought them... we hope you're enjoying the many fine recipes they contain. In December we were very busy with our many Christmas events. We started with the Christmas tree lighting and annual tree sale at the "Corner Park" on December 5th. On December 6th and 13th we climbed on the back of a flatbed truck and drove around the community singing

Christmas carols to our neighbors. December also included the joint Lions, Booster, Fire Department food drive and food basket delivery. This was a very busy time for our groups. We first gathered food from the community, sorted and boxed it and had a pot luck dinner and gift wrapping at the fire station. Then on December 19th we met at the Grange for breakfast and set out to deliver the food and presents to the needy of both our area and surrounding communities. This year we delivered food baskets to 90 needy families and presents to 187 children.

1999 will be another busy year for the Boosters. We have many goals to accomplish and could use your help. If you would like to help or join the Boosters, contact our new president, Bruce Powell at 632-7063 or come to one of our meetings which are held on the third Wednesday of each month at 7:00 p.m. at the Beavercreek Grange. The meetings are also listed in the "Community Calendar" in this publication and are posted on the reader board at the "Corner Park".

office positions.

The nominating committee named those who had expressed interest in running for the open positions and then nominations were taken from the floor.

It has become necessary to verify members' residences as they enter the Grange to be sure that the individual is indeed a resident within the Beavercreek CPO's boundaries. There were a number of individuals who attended the December meeting who participated in voting that were later recognized as not being a resident within the boundaries of the CPO. This ensures that only those who are entitled to vote on CPO matters do so and that people outside the a special intereBeavercreek area cannot stack the votes on matters of concern to the residents of Beavercreek. It was discovered that one of the amendments to the Bylaws will have to be redone as the vote was in error. The next meeting and election of officers will be February 24, 1999, at 7:00 p.m.

**CPO SPOTLIGHT**

The January meeting of the Beavercreek CPO took place on Wednesday, January 27, 1999, at the Beavercreek Grange on Kamrath Rd. The agenda included the reading and voting on some amendments to the current bylaws. The only amendment voted on for enactment was to allow co-officers for the current

**Molalla Community Concerts**

**Premiere 1998-99 Season**

Brought to you by the Molalla River Community Concert Association. Enjoy great artists and attractions from around the world. The concerts are held in the Molalla River Civic Auditorium; 357 Frances St., Molalla. Unless otherwise noted the concerts start at 7:00 p.m.
