## Now You See it, Now You Don't!

Or, maybe that should be you don't see it, now you do... oops! Or... things can happen in the blink of an eye... literally.

Perhaps, those of you who travel down Beaver Creek Road on your way to work in the morning may have noticed on the morning of April 26th the body of a dead Angus cow! Yes, you read it right... a cow! It surprised me too! This is not something that you see everyday around these parts even though we live in the country. Thank goodness!

According to Jon Rumsey, age 17, he was driving on S. Beaver Creek Road in the northbound lane traveling at 45 MPH. He went down into a dip and when he came back up over the rise an oncoming truck flashed its high beams at him. He looked down to see if his headlights were on and when he looked up he saw the cow in the road, but it was too late. He said he remembered hitting the cow, then he blacked out. He said that when he awoke, he was in someones yard. The accident occurred at approximately 9:57 p.m. on the evening of the 25th. After the impact the cow apparently wandered into the southbound lane.

Another vehicle, driven by Gary Brook, was driving southbound on S. Beaver Creek Road that evening and was also involved in the accident as he did not see the cow laying in the roadway until it was too late. He ran over the top of it which sent his car airborne. He said he pulled the car over, and thought it could possibly have damage to the undercarriage.

Both of these men were very lucky. Mr. Rumsey was sent by ambulance to Willamette Falls Hospital with a broken nose, cuts and a broken hand while Mr. Brooks seemed to be okay at the scene.

Mr Rumsey's car, a 1989 Honda Accord, appeared to be a total loss with extensive front end damage. The hood was caved in and the windshield was broken with a piece of wood through it.

Mr Brooks' car, a Ford Taurus, had both airbags blown and the hood looked slightly off-center, but otherwise looked in good shape.

The black Angus cow, owned by James Dunlap, had apparently wandered onto Beaver Creek Rd and died at the scene. That area of the highway is very dark and a black cow would have been very difficult to see.

Both of these men were very lucky that they were

### Carus School News

*New Landscaping at Carus*

Saturday, April 27th was National Youth Service Day. Volunteers came and helped with landscaping at the front of the school. Our Americacorp volunteer, Sara Baugh, coordinated the day where volunteers prepared the garden beds and planted Rhododendrons in the parking island at the front of the school. We would like to thank John Gingerich for his generous donation of 60 rhododendron bushes, Starbucks for their donation of coffee to keep the volunteers going, Ed Armstrong gave a large cash donation, which was used to purchase supplies, and Weed Wackers Landscaping donated compost. Thank you to the volunteers who helped with the planting, the McVay family, Tania Lang, Nicole Isaakson, Jennifer Turner and Mary Hochstetler.

*New Security System at Carus*

The new security system has been activated at Carus. How does this new security system affect you? Each morning the doors to the school are unlocked until 9:10

*Internet Safety at Carus*

The Canby School District administration and staff are committed to assuring a safe and secure environment for student learning. To this end Canby School District has partnered with Clackamas Education Service to provide Internet filtering to complement our efforts to teach students and staff the responsible use of Internet resources. We believe our sound district Internet policy, supported by clear and effective building Internet practices with timely staff, student and parent notification assures the safe and secure environment we strive to provide.

Our Internet filter will block undesirable and inappropriate sites, which students should not encounter. This filter only protects our users when they are using computers on our Canby School District network.

We trust that our efforts to teach responsible Internet use coupled with your efforts to do the same will serve our students well wherever they learn and work.

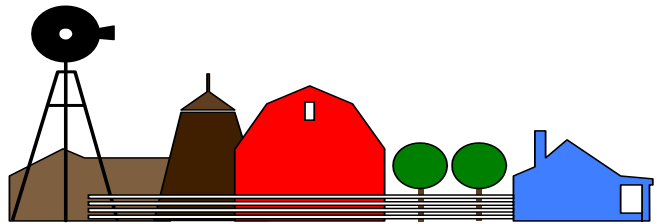

If you have any questions or comments, please call Mary Hochstetler, Principal at 503-632-3130.

*Parents are Invited to Field Day*

Friday, June 7th

You are invited to join us on **Field Day, June 7th**, as the Walk Across America Track Program comes to an end for this school year. In the spirit of the Olympics, the class with the most miles walked will lead the entire school in our Olympic March of the Nations around the track. Then, our top 10 walkers will make a loop around the track carrying the Olympic Torch. The students have spent their recess time earning tickets by walking. Many of them have walked 25 miles, 50 miles, even 100 miles. We are proud of each one and we know you are too. The opening ceremonies will begin at 9:00 am. Come and join us for the whole day or just a part and "Let the games begin!"

### Citizens Interested in Land Use Planning are Needed to Serve on the Committee for Citizen Involvement and the Design Review Committee

#### *Committee for Citizen Involvement*

Enhance Citizen Involvement in Land Use Planning by Serving on the Committee for Citizen Involvement. Clackamas County Commissioners are seeking volunteers interested in serving on the County's Committee for Citizen Involvement (CCI). The purpose of the CCI is to support the program that promotes and enhances citizen involvement in land use planning, to assist in the funding and in the implementation of the citizen involvement program and to evaluate the process being used for citizen involvement. There is one opening on the committee to serve a partial term and three openings on the committee to serve three full year terms.

Current projects of the CCI are to enhance its relationship with the County's Community Planning Organizations (CPOs), to create a land use brochure educating land use applicants about the role of the CPOs and to educate citizens and CPOs about the land use planning process.

The Committee for Citizen Involvement meets monthly on the third Thursday from 7:00 p.m. to 9:00 p.m. at the Board of County Commissioner's Conference Room located at 906 Main Street in Oregon City.

The public and persons interested in applying are encouraged to attend. The next meeting dates for the CCI are June 20 and July 18. Please attend one of these meetings before you apply to learn about this committee. Interested individuals need to complete an application form.

Applications may be completed and submitted online via the County's website,

<http://www.co.clackamas.or.us/citizenin/abc/app.asp>

For a printed application form contact Clackamas County Citizen Involvement, 503-655-8552, 906 Main Street, Oregon City. Application deadline is Friday, August 2nd

#### *Design Review Committee*

Clackamas County Commissioners are seeking design professionals to serve on the Design Review Committee. There are three vacancies for committee members to serve four-year terms. The County is seeking a professional landscape architect, engineer, and a professional representative from the field of finance and/or the construction and development industry.

The Committee is comprised of volunteers appointed by the Planning Commission. Meetings are held weekly on Friday mornings from 8:00 a.m. and last approximately two hours.

The Design Review Committee's role is to review commercial, industrial and multi-family development,

This fundraiser is to support the AWANA Childrens Program.

**If at First You Don't Succeed...**

Apparently there was a little excitement at the Beavercreek Grocery on the evening of April 11th.

A 1989 Brown Ford Taurus had been reported stolen in Portland. The driver must have been out joy riding or something because why else would he be in Beavercreek? He apparently didn't know where he was going or else he wouldn't have missed the turn on Beavercreek Rd and run the car up on the wood sidewalk of the Grocery taking out the railing at about 9:57 p.m.

The crash was witnessed by a gentleman who followed the car to get the license number, turned around and went back to the Grocery to call 911 and report the plate number.

When the officer arrived he found the vehicle in the ditch at Kamrath and Carus roads, but the driver was not in the vehicle.

The driver was a white male with graying hair. Maybe he lives out here? If anyone knows of someone who was injured on the evening of April 11th, or perhaps you gave the person who fits this description a ride near this intersection? Please call the Clackamas County Sheriff at 503-655-8218.

Annual Welsh "Sing Gathering"  
aka  
Gymanfa Ganu  
to be Held June 23, 2002

The Annual Gymanfa Ganu is to be held again this year at the Bryn Seion Welsh Church on Kamrath Road in Beavercreek on June 23rd. It will begin at 1:45 p.m. following the Sunday Church service, which begins at 11:00 a.m. The singing will be done in both English and Welsh. The Welsh impaired are encouraged to sing "la la la." That's right... this is an experience to be participated in and not just observed from a distance.

The first singing session is followed by a tea which will be held at the Beavercreek Grange. The tea house next to the church will also be open with Welsh items for sale and on display, including traditional Welsh bread, Bara Brith and Pice Ar Y Maen. The second singing session will begin at about 5:30 p.m.

Everyone is invited to attend this annual event which is the only fundraiser that the Church has during the year. It is an opportunity to experience a tradition from a far away place as well as support the little Welsh church which has been a part of the Beavercreek community since it was built in 1884.

### "Complete Communities" Update!

More than 125 Clackamas County residents turned out on a beautiful Saturday morning to participate in the next step of the Complete Communities process.

At the third Complete Communities Congress, May 11, at the Oregon City High School, citizens presented the results of months of work to develop programs for nine areas of County life-from cultural opportunities to transportation. They also discussed governance options that connect unincorporated areas with the County and involve residents in decisions that affect them.

Generally, the two concepts favored by most participants are the "Hamlet" and "Village," both of which would provide increased involvement.

Participants also support Community Planning Commissions at sub-County levels. The Complete Connections Task Force will hold its final meeting this summer to forward recommendations to the Board of County Commissioners.

Complete Communities was honored with a national award from the American Planning Association for involving thousands of residents throughout Clackamas County in discussing issues that most concern them.

"We will review all the recommendations and strategies and incorporate as many as possible in the next budget," said Michael Jordan, Clackamas County Commissioner.

### Beavercreek Charitable Trust

The May meeting of the Beavercreek Charitable Trust was held on May 14th. The Board reviewed the engineering plans for the grading to be sure that the land in the park will drain properly. It is not clear whether the plan will affect the layout of the proposed play fields. There was also discussion regarding the permits required by the County for movement of 10,000 + yards of soil needed for the project.

**BCT Web Mail Hacked !**

The recent attack by computer hacker(s) to Beaver Creek Cooperative Telephone Company's Internet Webmail Server is another example of just how vulnerable today's computing systems are. The mischief caused by the intruder(s) to the ISP on May 8, 2002, caused the server to remain offline for several hours.

Beaver Creek Cooperative Telephone Company has always taken measures to secure its computer systems. This intruder, however, was able to enter the webmail system and delete some server files through an unknown security vulnerability in the webmail program. When the server was rebooted it became inoperable. Initially all customers were affected as the entire email server was down for several hours.

Once the site was secure and the Beaver Creek Cooperative Telephone Company was certain that the server was operational, email service was restored with the exception of the webmail program. As a cautionary measure the webmail program was moved to a new location isolating the files to minimize damage in case of further intrusion. This move kept webmail users from accessing their email for several more days.

**Beavercreek CPO Spotlight**

The May meeting of the Beavercreek CPO took place on Wednesday, May 22, 2002, at the Beavercreek Grange on Kamrath Rd., at 7:00 p.m. with 28 members and guests attending.

The quest speaker was Marcia Sinclair from Clackamas Community College's Environmental Learning Center. Marcia talked to the members about the Newell Creek Canyon Watershed, which runs parallel to the Highway 213 as it goes through the by-pass down to the I-205 interchange.

Metro purchased land in the watershed with their greenspace money. The hope is to make the area accessible to the public with hiking trails and clean up of the canyon, by getting rid of the debris and invasive non-native plants.

At this time there is no guest speaker scheduled for the month of June.

All area residents are encouraged to attend the BCPO meetings, to take part in and learn about land-use in our area.

The next meeting of the CPO will take place on Wednesday June 26, 2002, at the same time and place. For more information, please call 503-632-8370.

### Carus Students Care for Communities

By David Howell, Canby Herald

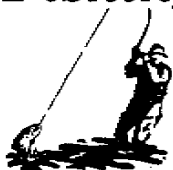

The grateful recipients of jumbo checks (and real ones, too) seemed more wide-eyed than the "inspirational" and "amazing" young students beside them on the Fine Arts Center's stage. Some of the adults looked truly stunned. The 44 students articulately explained how and why they decided to bestow grants of varying amounts upon nine area nonprofit service agencies. Some benefactors appeared teary-eyed and sounded cotton-mouthed at the kids' impressive oral presentations and poignant descriptions of people met and lessons learned, topics considered in thoughtful ways, and deliberative and imaginative choices of philanthropic good deeds.

Still, a few more check recipients and adult speakers gulped at how to follow one after another bright child with a big heart and growing brain. The 70 or so audience members - mainly beaming parents, and proud schoolteachers and district administrators, volunteers et al - seemed impressed throughout the hour-long presentation.

Carol Reed from the PGE Foundation, which gave the local students \$8,500 to divvy up for worthy causes they researched and believed in, was thrilled with the Carus students and their two teachers, Carol Dubuy and Mary Ann Ekblad. Reed said she hopes to be able to fund another program Carus next year. The 5-year old program had never before given cash to grade school children to act as philanthropists - all 36 other schools are high schools. A few Canby High School students

After a sad year of mayhem on the East Coast and in the Middle East, local missing and assaulted children, recent mail threats to school staff and another years of budgetary woe ahead for both city and school district and state, last Wednesday was a much-needed boost to those teachers, administrators, parents and citizens whose hopes are high for this current (and every) generation of students. The students of Carus seem to have increasingly wise heads on surprisingly young shoulders.

### Beavercreek Booster Past, Present and Future

*Here begins Part III of the three part Series on the History of the Boosters*

Today the Booster organization's roll in providing support for the community has been greatly diminished. With the membership considerably declined, the ability to sponsor the type of events and fund raising activities of the past is nearly gone. The community can no longer enjoy events like the Sheep Dog Trials, Car Cruise, Miss Beavercreek Pageant, or Horse Playdays. The Boosters now lack the resources to put on our annual Rummage Sale this year, and have canceled supervising the Saturday Kids for one year. What the Boosters calls the Saturday Kids is a Clackamas County program that provides an opportunity for local youth to perform community service. Currently the Boosters fund-raising activities include Christmas tree sales, Christmas and Easter Pancake Breakfasts, and plans to hold three Burger and Bingo events at the Corner Park this summer. The organization also will continue to sponsor the Christmas tree lighting ceremonies at the Corner Park and will still participate in the annual toy and food basket distribution to needy families for the holidays. The Boosters will also continue the Adopt-A-

Although the roll to serve the community has been greatly reduced, the membership is quite optimistic about the future. The organization wants to be involved with the development of the Beavercreek community park as well as development of the corner park. It hopes to one day sponsor soccer and little league teams that will play on athletic fields at the community park. We also hope to see a horse arena built at the

#### Message from Mrs. Nickoloff:

My message this week is one that I do not look forward to writing. My job assignments for next year have changed. I will be principal at Rural Dell as well as continuing my position as Human Resources for the Molalla River School District. I have had such a wonderful experience with the students, parents and staff at Clarkes. We have made great strides in what we offer students. I have developed friendships that I will cherish always. I look around the building and take great pride in the accomplishments of the last four years. I have watched as children have grown and matured into very respectful, responsible citizens of this community. I have wonderful memories of Clarkes that I will take with me. I look forward to new opportunities at Rural Dell. I know that they too have much to offer me and I am confident that my experience there will also be a great one.

Michael Nickless will be the new principal here at Clarkes. Michael is currently the principal at Dickie Prairie and district Director of Technology. I know that you will be as supportive of him as you have been of me. Michael will be attending our Student Recognition Assembly on May 28, at 1:00. I invite you to join us to welcome him. Also, if you have any questions for him please contact him at Dickey Prairie, (503) 829-2929.

Last week we recognized our staff during Staff Appreciation Week. I thank them for their dedication to the students at Clarkes. Their caring is reflected in the successes of our students. I also want to recognize the many hours that are spent by the volunteers at Clarkes. I am planning a Volunteer Appreciation event on May 28. I invite you to join us at 12:45, prior to the assembly, so that we may thank them as an entire school. We will be sending invitations to our volunteers as well. (We'll have treats after the assembly for these very special people!)

*Thanks For Making Wishes Come True!*

Our Make A Wish total for this year was \$286.77. Thanks again to Clarkes community & friends!  
 Mrs. Koos' class.

*Attention, All 5th Grade Parents and Students!*

No matter what you might have heard, you will have the opportunity next year to learn to play an instrument. Band class will be offered to all interested 6th graders in Middle School. The High School Band Director will teach the class in the middle school band room. I will be at the middle school next week, at the 5th grade information night (5/21, 7:00 p.m., Molalla Middle School). If there are any questions, please come and talk to me then.

### Clackamas County Program Seeks Women for Free Health Checks

For Mother's Day (or any day), give your mother or the woman in your life the gift of good health. The Clackamas County Breast and Cervical Health Program, a program of the Clackamas County Public Health Division, strives to educate people in the community about the importance of early detection of breast and cervical cancer.

The program offers FREE Pap tests, clinical breast exams and mammograms to women 40 and over who have no health insurance or an unmet deductible and meet a specified income guideline. For more information or to see if you qualify for the program, call (503) 557-6446.

Consider the facts...

- Breast cancer is the most common cancer in women.
- 2,600 Oregon women will be diagnosed with breast cancer this year.
- In Oregon this year, 500 women will die of breast cancer.
- The two greatest risk factors for breast cancer are being female and growing older.
- In Oregon, 100 women will be diagnosed with cervical cancer this year.

The good news...

- When breast cancer is found at its earliest stage, survival rates are close to 97%.
- Cervical cancer can be found at the precancerous stage by having regular Pap tests.

*Classes Start June 17th*

Canby School District's Summer School is designed to academically benefit our students regardless of their level of learning. Students who need help in catching up and improving skills will benefit from the math, reading, and writing courses that are offered. There are also general enrichment courses open to students of all levels. There are basic courses to provide for reteaching skills. There are extended courses to provide extended learning and higher level thinking opportunities. The enrichment classes that are offered include **Extra-Ordinary Science, Performing Arts for Kindergarten through 8<sup>th</sup> grade, Instrumental Music, Visual Arts.**

Classes begin on Monday, June 17<sup>th</sup> and run through July 12<sup>th</sup> with no classes on July 4<sup>th</sup>. Classes start at 9:00 a.m., and end at 11:50 a.m.

This year transportation will be available for students that attend Carus Elementary. School bus services will pick students up at Carus and transport them between Carus and Ackerman Middle School Lee Campus located at 1110 S. Ivy Street. Bus times will be announced with confirmation notification of classes. Registration forms are available at the Carus school office or you may contact Canby Community Education at 503-266-2086.

The May meeting of the Carus CPO took place on Thursday, May 9, 2002 at the Beavercreek Christian Church on Hwy 213 at 7:00 p.m.

It was a quiet month for the Carus CPO with no land-use issues on the table.

The scheduled speaker for the month of June is to be Dan Zinzer, with Clackamas County, but at press time this was not confirmed.

The study for the "Green Corridor" between Oregon City and Molalla has been Federally funded beginning July 1st. Public participation will be encouraged at all phases of the program. The next meeting of the CPO will be held on Thursday, June 13th at the same time and place.

Norma and Rudy Naiman, owners of "Country Bark Yard," have moved their business further south on Highway 213 and have dropped the word "Yard" from the name.

The Naimans will continue to service the Beavercreek area with the same quality materials that they have sold in the past.

The new location will be just south of Carus School on the same side of the highway. So look for the new sign which may be in place by the time the "Bulletin" goes to press.

The location will be better than where they were before as it will not have the underground spring that kept the old bark area so wet in the Winter months.

So stop by and say "Hello" to Rudy as he is hard at work in this the Spring landscaping season. Also be sure to check out the ad on this page for the address, phone number and other pertinent information.

**A Message for  
Clarke's Students, Staff, & Community**

Some of you may have heard through the grapevine that I will not be teaching at Clarke's next school year. This is true, and it is due to the fact that I have accepted a 6th grade teaching position in the North Clackamas School District. This job is at the elementary school that I attended from 3rd through 6th grade.

I want all of you to know that I have loved my year of teaching here at Clarke's. I could not have asked for a better place to start my teaching career! The students are great, the staff is so caring and supportive, and the community is so warm and friendly. I want you all to know that you have made my first year of teaching one that I will always remember! I will miss seeing all of your smiling faces next year but will look forward to coming to visit. Thanks Again for making this year so special, Angie Lucas.
